Agenda 6 Consideration of other matters (if any)

The meeting moderator asks the shareholder to raise any questions and comments in relating topics. The summary of questions raised by the shareholders is as follows.

- POL.COL. Searmkeiat Bumrungphreuk - A minor shareholder
Suggested the company that:
 1. The company should perform corporate social responsibilities in the company continuously such as noise pollution and environment. He proposed to be the company advisor.
 2. The meeting place should be informed the exactly place in advance.
 3. The company should focus on R&D in running the business to maintain the strength of company based on the existing engineers and workers that the company has, compared with the same cluster industry both domestic and foreign markets. Patrol Boat project of Royal Thai Navy, Project of Bangkok Mass Transit Authority and the logistic of airline catering services.

- Mr. Thanawat - A minor shareholder
Asked that;
 1. What is the market share, trend, and marketing for foreign market?
 2. What is the production plan and production capacity expansion?
 3. If there are more projects in the future, will it be more investments?

- Mr. Suradech – Director
Explained that the proportion of current income 50:50 both sales in domestic and overseas, all Catering services around the world knows us well. For the foreign market, we contact the customer directly via the internet and email as well as asking for bidding the project. There are about 10 Catering services around the world, that the company will use after sales services as a strength for customer satisfaction.

For the production capacity, there is 15 Rai of land beyond on the back of the company able to expand the plant. If in the future, the company has more projects, the company probably will have to build expand the plant for more production capacity.

- A minor shareholder asked about
 1. What is the weakness of the company that the company cannot develop as the next three years plan?
 2. If you (the moderator) would like to use the warrant, how many percent you would like use?
 3. If there are many projects, it will affect the company financial position or not?

- Mr. Suradech – Director
Gave details that;
 1. The weakness deterring the company plan comes from outside factors such as the government problem effected to put off the government project bidding delay. If the company obtains the project, the company will grow rapidly, on the contrary if the company cannot obtain the project, the existing sale growth is about 10-15 percent.
 2. As the committee, he will use warrant follow the right criteria on based of line time use.
 3. Currently, the ratio of debt to equity from the bank is 1:4 and was received highest ratio at 1:8 that not impact the bank credit increasing of the company capital and minor shareholders as well.

- Mrs. Pannee Sanajak - A minor shareholder
Asked that, what cause the negative retained earnings while the company has good performance in both domestic and foreign markets and the company market share is in the second of the world?

- Mr. Suradech – Director
Explained that the negative retained earnings is from the economic crisis in B.E. 2540 and loss from exchange rate. In the post, the company had been solved this problem and fortunately the company got high income continuously relate to reduction of the accumulated deficit.

- Mr. Sakchai - A minor shareholder
Asked on the prototype VR7, did you know the percentage of the income yet? And how much for this project investment?

- Mr. Suradech – Director
Explained that, we are not yet the income because VR7 will completely in B.E. 2557 and expect to sales end of B.E. 2557 with 15-20 million bath on this investment.

- Mr. Nara Sripet - A minor shareholder
Asks that;
 1. Are there any risks and unsure on the bidding project?
 2. How the company detects from risk of the exchange rate?
 3. When the company will reduce retained loss?

- Mr. Suradech – Director
Explains that the risk of bidding project is about the changing the government's policy. Anyway, the company has the risk system on the exchange rate by using forward contract at 30 percent from both sides after receipt confirmed of order and completely of sales contract 30%, 30% and 10%. The company targets to reduce almost all retained loss within the 3rd quarter in B.E. 2556.

- Ms. Ratchanok Thanomsarn - A minor shareholder
Asks about what technology the company use for ship building?
- Mr. Suradech – Director
Mr. Suradech to explain the Offshore Patrol Vessel (OPV) Project is the job contract between CTVDOLL and the Royal Thai Navy through the Bangkok Dock Company Limited. Technology and knowhow support from 2 sources by the design drawing from BAE/ England and the Battle Command System from Netherlands. Our responsibilities are 5 parts for Engineering, Purchasing, Logistics, Financial and Risk Management.

Mr. Suradech explains about the invitation of shareholders to visit the company. The shareholder who attends the meeting today can sign to visit the company with Mr. Prasobsuk Boonkwan and there will be an announcement to other shareholders who do not attend the meeting today.

The Meeting closes

After that the moderator asks if the shareholders have any issues raised to the meeting. When there is no more issues and suggestions, Mr. Suradech Taweesaengsakulthai thanks all attendants and closes the meeting, respectively.

The Meeting has no any issue and ending 4.05 p.m.

Recorded by

Ms. Yinghathai Ponphangnga
